MARKET OUTLOOK

Sugar today worked in a tighter range. Following the macro scenario and mainly vulnerable to dollar oscillations sugar dawned higher considering dollar downside, but the situation changed with releases of USA economy: (i) the hoses sales were 502 thousands the expected was 425 thousands, (ii) the new orders for durable goods raised in 2,9% the forecast was +1,3%, what made dollar recover its strength working @ 87,250 +0,40%. The commodities otherwise lost the optimism including sugar that traded negative. The raw settled 5 points higher and refined -\$7,60. The white premium today lost \$10 settling \$154 based N0/Q0.
